Summary

As a passionate System Analyst and Web Developer, I am eager to bring my expertise in troubleshooting and coding to your dynamic team. My commitment to delivering exceptional user experiences and my proficiency in modern web technologies make me an ideal candidate. I am excited about the opportunity to contribute to innovative projects and collaborate with talented professionals, driving success and enhancing customer satisfaction together.

Work Experiences

- Technical Support** - PT Lumina Eka Optima, Tangerang July 2024 - Now
Handled technical complaints and provided solutions for Microsoft licensing issues in collaboration with the PT Lumina Eka Optima team.
- Web Developer** - OKEJOB.id, Surabaya August 2025 - Now
Contributed to the development team at OKEJOB.id, working on various web development projects and collaborating with team members to deliver high-quality solutions.

Project Experiences

- Web Absense** - Molai.id August 2024 - October 2024
Participated in a web application development team under Molai.id's guidance, building a solution to facilitate spiritual events and activities for ISTTS university's religious organizations.
- POS (Point of Sales)** - Molai.id June 2025 - August 2025
Joined a development team guided by Molai.id to build a comprehensive Point of Sales (POS) system, contributing to both frontend and backend development while collaborating with team members throughout the project lifecycle.
- Auto Generate Letter System** - ISTTS October 2025 - December2025
Participated in developing a web-based auto-generate letter system designed to streamline document creation for campus projects.
- Inventory Management System** - PT. Pegasus Hikari Indonesia August 2025 - May 2026
Worked with a development team mentored by OKEJOB.id to analysis and create a web-based inventory management system specialized for chemical products and materials for PT Pegasus Hikari Indonesia.
